# ABOUT Us

Originally founded in 1959, the company began as an independent representative firm; in 1988 we began to import cabinet hardware and bath accessories. Our humble beginnings generally geared toward the production home industry have evolved over the years to become a product commonly used in some of the most upper end homes in America.

In 2017 Eric and Sylvia Dykes purchased the company and continued to elevate the line even further with new designer finishes and styles exclusive only to JVJ Hardware. Trends are everchanging and with our ear to the ground we intend to be leading the industry with innovative new products for years to come.
